*Tricolore is a wonderful example of great European bloodlines with a splash a color! He shows great jumping scope, power and technique and has a superb temperament. Tricolore has all the characteristics sought after by performance horse breeders, with excellent conformation and classical movement.*

*Sired by Voltaire, one of the great KWPN approved Hanoverian stallions, this stallion offers exceptional jumping bloodlines, along with great dressage blood in his dam's sire, Samber. Samber is the sire of numerous high quality pinto warmbloods worldwide. He himself competed successfully in Grand Prix Dressage and in the Z level jumpers and received a rare 10 for trainability and temperament in Holland.*

*Tricolore's much anticipated progenies are now showing with great success, with filly First Tri placing with high placing in the Governor General's Cup at the Royal Winter Fair, as well as the LG Cup, and under saddle as well as the CSHA.*
